DEVKUMAR MANISHKUMAR PATEL

Scarborough, ON | 647-456-3827 | devmp1506@gmail.com | Github.io | Linkedin

PROFESSIONAL PROFILE

Business Information Technology student with hands-on experience in software development, IT support, SAP S/4HANA, REST API integration, databases, Linux, and cloud technologies. Experienced with Python, JavaScript, Node.js, Express.js, SQL, HTML/CSS, Git/GitHub, and Microsoft Azure fundamentals. Previous experience includes supporting business applications for 100+ users, REST API integration, system testing and UAT, data validation, and development of SharePoint-based applications. Currently completing a Post Graduate Certificate in Business Information Technology at Seneca Polytechnic.

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL, HTML/CSS

Web & APIs: Node.js, Express.js, EJS, REST APIs, Bootstrap

Cloud & DevOps: Microsoft Azure Fundamentals, Git/GitHub, Linux, Visual Studio Code

Databases: PostgreSQL, MySQL, SQL

Systems & Networking: Windows, Linux, TCP/IP, DNS, DHCP, Network Troubleshooting

Enterprise Technologies: SAP S/4HANA (SD, MM, PM, PP, QM), SharePoint, Microsoft 365, Active Directory

Tools: Cisco Packet Tracer, Service Desk/Ticketing Systems

EDUCATION

Seneca Polytechnic — Toronto, ON

Post Graduate Certificate, Business Information Technology | January 2026 – Present

- Relevant coursework: Business Analysis, Systems Analysis & Design, Database Management, Web Development, Cloud Computing, Project Management, Programming, Linux.

Isbat University — Kampala, Uganda

Bachelor of Science, Cybersecurity and Networking | GPA: 4.30 | March 2020 – March 2023

TECHNICAL PROJECTS

Pet Choice – Full-Stack Web Application | Node.js, Express.js, PostgreSQL, Sequelize, EJS, Bootstrap, REST API

- Developed a web application that retrieves and displays cat breed information using The Cat API.
- Implemented breed search, filtering, sorting, image display, breed details, and CRUD functionality.
- Built server-side functionality with Node.js and Express.js and connected the application to PostgreSQL using Sequelize ORM.
- Used EJS and Bootstrap to create responsive user interfaces and Git/GitHub for source control.
- Troubleshot API, deployment, server, and browser security issues during development, including image-loading and deployment errors.

Networking & Linux Labs | Cisco Packet Tracer, Linux, VyOS

- Completed hands-on networking exercises involving TCP/IP, subnetting, VLANs, DNS, DHCP, and network troubleshooting.
- Worked with Linux/VyOS environments and firewall configuration concepts, including nftables.
- Applied networking and systems concepts through practical lab-based configuration and troubleshooting.

Azure Cloud Labs | Microsoft Azure

- Completed hands-on Azure coursework covering cloud services, virtual machines, Application Gateway, Defender for Cloud, and Key Vault.
- Configured and troubleshot Azure virtual-machine networking and resource connectivity as part of cloud lab exercises.
- Applied cloud infrastructure and security concepts through practical course labs.

PROFESSIONAL EXPERIENCE

ATLAS TOOLS & MACHINERY — Islington Avenue, Toronto, ON | Retail Operations & Customer Service | May 2026 – Present

- Assist customers with product questions, purchases, and general service needs while providing a professional customer experience.
- Support daily retail operations, showroom activities, product organization, and customer-facing tasks.
- Communicate with customers and team members to understand needs, resolve concerns, and provide effective solutions.
- Work accurately and efficiently in a busy retail environment while maintaining attention to detail.

MUKWANO INDUSTRIES UGANDA LIMITED — Kampala, Uganda | SAP Support & IT Helpdesk Analyst | July 2023 – December 2025

- Delivered Level 1 and Level 2 support for SAP S/4HANA modules including SD, MM, PM, PP, and QM, as well as general IT issues.
- Provided technical support for SAP, hardware, software, networking, and peripheral issues for 100+ users.
- Supported SAP S/4HANA integration with the Uganda Revenue Authority EFRIS platform using REST APIs.
- Supported system testing, UAT, data validation, and post-go-live troubleshooting.
- Designed and deployed three SharePoint-based business applications for Asset Management, Leave Management, and Employee Administration.
- Managed user accounts, security roles, and access permissions in SAP and Microsoft environments.
- Delivered SAP and IT training for 200+ employees annually and created user guides and technical documentation.
- Administered Rite Books POS across multiple retail outlets, supporting sales, inventory, users, and reporting.

LEADERSHIP & COMMUNITY

- Patidar Samaj Kampala — Community Volunteer & Event Coordinator | 2021–2025: Planned community events serving 500+ attendees, managed volunteer teams, and supported outreach and youth engagement.
- Isbat University — Student Volunteer | 2020–2023: Organized student engagement events, managed registrations, and coordinated campus activities with student leaders and faculty.
