DEVKUMAR MANISHKUMAR PATEL

Scarborough, ON | 647-456-3827 | devmp1506@gmail.com | Github.io | LinkedIn | Portfolio

PROFESSIONAL PROFILE

Business Information Technology student at Seneca Polytechnic with 2.5 years of SAP and IT support experience. Supported 100+ users across SAP S/4HANA, hardware, software and networks. Helped integrate SAP with a national e-invoicing platform through REST APIs. Built 3 SharePoint business apps and trained 200+ employees each year. Built Windows Server and Active Directory labs with DNS, DHCP and Group Policy. Builds web apps with Node.js and PostgreSQL, and works with Linux and Microsoft Azure.

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL, HTML/CSS

Web & APIs: Node.js, Express.js, EJS, REST APIs, Bootstrap

Cloud & DevOps: Microsoft Azure, Git/GitHub, PowerShell, Linux, Visual Studio Code

Databases: PostgreSQL, MySQL, SQL

Systems & Networking: Windows Server, Windows, Linux, TCP/IP, DNS, DHCP, VLANs, OSPF, ACLs, VPN, Network Troubleshooting

Enterprise Technologies: SAP S/4HANA (SD, MM, PM, PP, QM), Active Directory, Group Policy, SharePoint, Microsoft 365

Tools: Cisco Packet Tracer, VMware Workstation, Service Desk/Ticketing Systems, Redmine, Microsoft Project

Security & ITSM: ITIL 4, Service Level Management, Phishing Analysis, VirusTotal, URLScan.io, Windows Sandbox

EDUCATION

Seneca Polytechnic, Toronto, ON

Post Graduate Certificate, Business Information Technology | Jan 2026 to Present

- Relevant coursework: Business Analysis, Systems Analysis & Design, Database Management, Web Development, Cloud Computing, Project Management, Programming, Linux.

Isbat University, Kampala, Uganda

Bachelor of Science, Cybersecurity and Networking | GPA: 4.30 | Mar 2020 to Mar 2023

TECHNICAL PROJECTS

Windows Server & Active Directory Lab | Windows Server, Active Directory, Group Policy, DNS, DHCP, VMware

- Built a company network in VMware with a router VM, 3 Windows servers and a domain-joined laptop.
- Set up DNS forward and reverse zones with forwarders, and a DHCP scope with reservations.
- Built an AD domain with OUs for Accountants, IT Helpdesk and SysAdmins, and linked 3 Group Policies.
- Created department security groups, NTFS-secured shares and mapped drives, and tested access with RDP, SSH, nslookup and tracert.

Phishing Link Investigation | Windows Sandbox, VirusTotal, URLScan.io, OSINT

- Analysed a suspicious link inside Windows Sandbox. 21 of 92 security vendors flagged it as a fake Roblox page.
- Checked WHOIS, DNS and TLS certificate records, and wrote an executive report with indicators of compromise.

Pet Choice, Full-Stack Web Application | Node.js, Express.js, PostgreSQL, Sequelize, EJS, Bootstrap

- Built a cat breed catalog with member login, search, sorting and filters, plus full CRUD and a dashboard for admins.
- Hashed passwords with bcrypt, added one-time email codes for password resets, and secured the app with Helmet and rate limiting.
- Deployed the app on Vercel with a PostgreSQL database and managed source control with Git and GitHub.

Networking, Hardware & Linux Labs | Cisco Packet Tracer, VMware, Linux, VyOS

- Configured switch security and remote access, VLANs, OSPF, Spanning Tree, ACLs and a site-to-site IPsec VPN.
- Subnetted networks and set static routes in Cisco Packet Tracer.
- Assembled a PC, built and backed up VMware VMs, and configured VyOS routers with nftables firewall rules.

Multi-Region Website on Azure | Azure, Load Balancer, Traffic Manager, IIS, PowerShell

- Deployed 4 IIS web servers across Canada East and Central India behind Standard Load Balancers.
- Routed users with Azure Traffic Manager. Traffic failed over to India in about 30 seconds when Canada went down.
- Planned subnets from one /24 and configured the servers with PowerShell.

FoodShare Food Bank Management System, Project Manager | Microsoft Project, WBS, Project Charter, Risk Management

- Led a 7-person Seneca team to plan a system replacing spreadsheets and paper logs across 3 food bank hubs.
- Wrote the project charter and plan, and built the WBS and schedule in Microsoft Project: 41 tasks and 456 hours.
- Set a $25,010 cost baseline and a risk register with responses for 6 key risks.

ITIL & Quality Assurance Coursework | ITIL 4, Service Level Management, Redmine, IEEE 829

- Applied the 7 ITIL 4 guiding principles to an app rollout and compared SLAs across 5 industries.
- Logged a Redmine bug with the environment, steps to reproduce, and expected and actual results, then retested the fix.
- Wrote an IEEE 829 test plan for the Gmail Settings page with a 3-person team.

PROFESSIONAL EXPERIENCE

ATLAS TOOLS & MACHINERY, Islington Avenue, Toronto, ON | Retail Operations & Customer Service | May 2026 to Present

- Help customers choose products, complete purchases and solve service issues.
- Support daily store operations, showroom setup and product organization.
- Listen to customer and team needs and resolve concerns on the spot.
- Keep orders and stock details accurate during busy shifts.

MUKWANO INDUSTRIES UGANDA LIMITED, Kampala, Uganda | SAP Support & IT Helpdesk Analyst | Jul 2023 to Dec 2025

- Delivered Level 1 and 2 support for SAP S/4HANA modules SD, MM, PM, PP and QM, plus general IT issues.
- Resolved SAP, hardware, software, network and peripheral issues for 100+ users.
- Supported SAP S/4HANA integration with the Uganda Revenue Authority EFRIS platform through REST APIs.
- Supported system testing, UAT, data validation and post-go-live fixes.
- Designed and deployed 3 SharePoint apps for Asset Management, Leave Management and Employee Administration.
- Managed user accounts, security roles and access permissions in SAP and Microsoft systems.
- Trained 200+ employees each year on SAP and IT, and wrote user guides and technical documentation.
- Administered Rite Books POS across multiple retail outlets for sales, inventory, users and reports.

LEADERSHIP & COMMUNITY

- Patidar Samaj Kampala, Community Volunteer & Event Coordinator | 2021 to 2025: Planned community events for 500+ attendees, led volunteer teams and supported outreach and youth engagement.
- Isbat University, Student Volunteer | 2020 to 2023: Organized student events, managed registrations and coordinated campus activities with student leaders and faculty.
